

Your gift *matters* to our Crew

These funds have provided:

It takes a village to make Centennial a great school. At Centennial, we appreciate how curious minds are challenged and encouraged; how working together as a crew is celebrated; and how our students are given opportunities to create, explore, and exercise their independence.

Without community support, our teachers and students would never achieve so much. Last year, our PTA raised nearly \$30,000 to support our school because of our families' generosity.

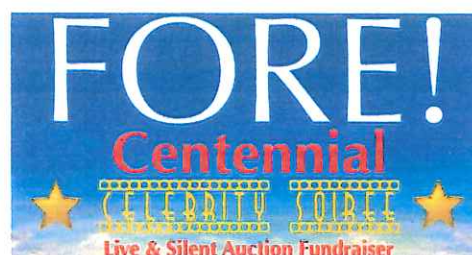

- \$500 budgets for each teacher's classroom.
- Bus funding for fieldwork experiences across all grade levels.
- Funding to upgrade the audio system for our school's auditorium.
- Funding to upgrade our school's library.
- Funding for our gym's climbing wall.

This year, families will have three different opportunities to support our school with a financial gift. If you are able, please consider participating in one of our fundraising campaigns. The PTA also welcomes gifts year-round for our annual fund. Throughout the year, our dedicated teachers often look for financial support for specific projects in a variety of ways (i.e. Fun Run, Donor's Choose). Thank-you from your PTA, all of you make our school a special place.
